*Do You Have A Safe
And Immediate Sinus Remedy?*

SinuCleanse® KIDS MIST™

A Unique All-Natural, Preservative-Free
Remedy For Immediate Sinus Relief...For Children

- ✓ Pediatrician Developed
- ✓ No Preservatives
- ✓ Safe and Easy For Infants
- ✓ All-Natural Ingredients
- ✓ Precise Pre-Measured Doses
- ✓ Designed Especially For Children

The SinuCleanse® Kids Mist™ significantly reduces your child's uncomfortable cold and flu symptoms, and regular daily use of nasal saline spray in children has been medically shown to actually decrease the number of colds a child "catches" and lower the duration of existing colds. Because the medically designed pump on the SinuCleanse® Kids Mist™ keeps the saline in the bottle pure and clean, you can be sure your child will not be reinfected, unlike other "squeeze bottle" mists that rapidly become contaminated with germs from your child's nose.
