

# Important Information About Donnatal® Extentabs and Elixir

## Donnatal®

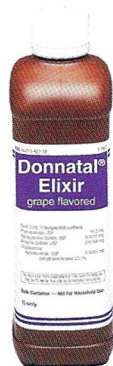

Dear Pharmacist,

**Donnatal Extentabs** have an extensive and documented long-term record of patient safety when prescribed as an adjunctive therapy for the treatment of irritable bowel syndrome (irritable colon, spastic colon, mucous colitis).

- Only Donnatal Extentabs provide convenient All Day, All Night B.I.D. dosing.
- Donnatal Extentabs provide gradual dissolution over 12 hours, dramatically different from immediate release tablets.

Healthcare providers have trusted and prescribed **Donnatal Elixir** for more than 30 years.

- PBM Pharmaceuticals wants to ensure you that **Donnatal Elixir** continues to remain available as a safe choice when prescribed as an adjunctive therapy for the treatment of irritable bowel syndrome (irritable colon, spastic colon, mucous colitis).

To learn more about **Donnatal®** and review prescribing information, visit us at [Donnatal.com](http://Donnatal.com).

If you have any questions please call 1-800-485-9828 for further product information.

Sincerely,

Kevin Combs  
Executive Vice President  
PBM Pharmaceuticals
