

Let Your Patients Know New Carmex® Brand Skin Care Is Here!

Carmex has been the #1 pharmacist-recommended lip balm 12 years running* for a reason... it works. Consumers have grown to trust Carmex as a brand that provides healing and protection and they have demanded that Carmex come out with a product to moisturize the rest of the body. You can let them know that we have with new Carmex® Healing Lotion and Carmex® Healing Cream.

Carmex Healing Lotion is designed for daily use to soothe and protect dry skin. Great for all over body use!

Carmex Healing Cream is concentrated and designed to help repair even the driest, roughest or cracked skin. Perfect for hands, elbows, ankles and feet.

We developed a **patent pending process** to create a formula that helps soothe and repair dry skin using a variety of ingredients:

- **Cocoa Butter** helps skin retain moisture and relieves dry and irritated skin.
- **Camphor & Menthol** help soothe the discomfort of dry and irritated skin.
- **Lanolin** softens, lubricates and protects skin.
- **Petrolatum** provides a moisturizing barrier that protects the skin.
- **Salicylic Acid** helps exfoliate dead skin cells, facilitating the other ingredients in Carmex skin care products to penetrate more effectively.
- **Vitamin E** (lotion only) prevents the formation of damaging free radicals.
- **Aloe Butter** (lotion only) helps hydrate skin and can alleviate pain associated with cracked irritated skin.

Available exclusively at *Walgreens* and Walgreens.com.
